Kyocera *Classic* PCL6 UniversalDriver

The new Kyocera *Classic* PCL6 UniversalDriver has some limitations compared to the Kyocera *Classic* PCL5 UniversalDriver.

Colour models

New printer models will be support starting from:
FS-C5100DN, FS-C5150DN, FS-C5200DN, FS-C5250DN, FS-C5300DN, FS-C5350DN, FS-C8500DN, all TASKalfa xxxci, and all FS-CxxxxMFP and newer.

Old printer models and following printer models will **not** be supported:
FS-C50xx and older will **not** be supported!
FS-C1020MFP will **not** be supported!
TASKalfa 550c, 650c, and 750c will not be supported!

GDI printers will not be supported.

Monochrome models

All monochrome models, which are not older than 5 years, will be supported.

Finisher

There are no limitations.

eMPS / VMB / document (user) box

There are no limitations.

Copy Collate

In some cases of copy collate feature the printer needs to have a RAM disk or HDD.
For some printers you must add RAM to be able to activate a RAM disk.
